Saved by a Song Jan 20 2020 "Generous and big-hearted, Gauthier has stories to tell and worthwhile advice to share." —Wally Lamb, author of I Know This Much Is True "Gauthier has an uncanny ability to combine songwriting craft with a seeker's vulnerability and a sage's wisdom." —Amy Ray, Indigo Girls From the Grammy nominated folk singer and songwriter, an inspiring exploration of creativity and the redemptive power of song Mary Gauthier was twelve years old when she was given her Aunt Jenny's old guitar and taught herself to play with a Mel Bay basic guitar workbook. Music offered her a window to a world where others felt the way she did. Songs became lifelines for her, and she longed to write her own, one day. Then, for a decade, while struggling with addiction, Gauthier put her dream away and her call to songwriting faded. It wasn't until she got sober and went to an open mic with a friend did she realize that she not only still wanted to write songs, she needed to. Today, Gauthier is a decorated musical artist, with numerous awards and recognition for her songwriting, including a Grammy nomination. In Saved by a Song, Mary Gauthier pulls the curtain back on the artistry of songwriting. Part memoir, part philosophy of art, part nuts and bolts of songwriting, her book celebrates the redemptive power of song to inspire and bring seemingly

different kinds of people together.

Song Maps Sep 27 2020 Whether you're just starting out as a songwriter, you're an experienced songwriter or just looking for a new perspective on the beautiful craft of songwriting, Song Maps - A New System to Write Your Best Lyrics offers fresh insights to help you write your very best lyrics. Does any of the following sound familiar? You worry that the lyrics you write just don't deliver their full potential but can't figure out why, even though technically they tick all the right boxes. You have great ideas but your finished lyrics somehow fall short of the emotional impact you wanted and, as a result, your songs get passed over. You have a busy schedule with limited time to write and have wasted too many hours chasing un-writable lyric ideas. You wonder how some professional songwriters always seem to get a particular dynamic in their lyrics, consistently writing songs better than 90% of what you hear on the radio. You are perhaps nervous about going into a pro co-writing session because you fear your ideas aren't worth bringing into the writing room. You know you have so many great titles waiting to be written but haven't found a way of systematically developing them into well-crafted lyrics. After writing an amazing hooky Chorus and a great supporting first Verse, you hit the dreaded wall that is "second verse curse". In Song Maps - A New System to Write Your Best Lyrics, I deliver simple, logical, well-defined solutions to these issues and more: I give you seven well-developed professional templates for you to bring your lyrics to life. I also provide you with a tried and tested process for writing lyrics using Song Maps. And I'll reveal the songwriter's secret weapon. Much of this book contains new material. This is because, while I enjoyed building a firm foundation of knowledge about the craft from the songwriting programs at Berklee Music School and other sources, I discovered Song Maps afterwards, from my experience as a professional songwriter, writing either on my own or in the writing rooms of Nashville. Having been signed as a staff songwriter at Universal Music Publishing in Nashville, being nominated and winning awards for my songs including Grammys, Doves and hymn-writing awards, and after spending many years studying thousands of techniques and developing them in my own songwriting and in the writing room, I've had the privilege of teaching the material in this book to hundreds of songwriters and seeing a step change in their writing. I have been blessed to watch them find their authentic voice in writing ideas to their full potential, helping them achieve their dream to move from writing flat 2D lyrics to fabulous High Definition full-color 3D lyrics. As you assimilate Song Maps into your writing

workflow, your songwriting will shift away from tentative, self-conscious, inhibited writing to strong, bold, intentional and vulnerable writing that does full justice to your original ideas, ultimately allowing you to make the impact you deserve as a songwriter. If you implement the simple, easy-to-understand concepts in this book, I promise you your songs will be better crafted than 90% of the songs you hear on the radio. It will also transform your effectiveness as a co-writer. Importantly, no matter where your songs end up you will be confident you have written a brilliant lyric and you have served your co-writers well. Let this book help you transform your lyric writing by using Song Maps in your songwriting workflow and take your song ideas to their ultimate potential by writing your best, truly golden, spectacular songs.

How [Not] to Write Great Lyrics Jan 12 2022 "How [Not] To Write Great Lyrics! - 40 Common Mistakes to Avoid When Writing Lyrics For Your Songs" is the follow-up to Brian Oliver's highly-praised book "How [Not] To Write A Hit Song! - 101 Common Mistakes to Avoid If You Want Songwriting Success." "How [Not] To Write Great Lyrics!" takes a close look at the essential lyrical elements found in the structure of all hit songs. It highlights and analyses the most common errors that are made when these key components are built into a song, and offers expert advice on how new writers can try to avoid such mistakes in their own lyrics. Most writers have, at some stage, had to endure the pain and disappointment of having their songs rejected because music publishers or record companies didn't think their lyrics were good enough-and many writers have ended up asking themselves "Could I have done more to make my lyrics better?" This book aims to help writers recognise any weaknesses in their lyrics, so they can re-work them to make them stronger, and hopefully achieve the breakthrough that they're striving for. The music industry has been going through major changes in recent years. As a result, competition is now even more intense. So it's more important than ever for writers to make sure their lyrics stand out from the crowd by avoiding the traps and pitfalls that many inexperienced writers fall into. Written in an easy, non-technical style, "How [Not] To Write Great Lyrics!" identifies many frequent causes of lyrical shortcomings-from common mistakes in the basic construction of song lyrics ... to flawed choices with titles, opening lines, lyrical hooks, verb selection, cliches, and rhyming patterns. The book also shows new writers how to avoid common failings such as putting the most important phrases in the wrong place in a lyric ... and

making sure their lyrics are 'singable'. The book also highlights other causes of lyric writing problems-such as having the wrong mental attitude ... an unsatisfactory writing environment ... not paying enough attention to 'creative preparation' ... and not taking steps to avoid writer's block. The book's author, Brian Oliver-an experienced music publisher, songwriter and music consultant-warns that aspiring writers' chances of success could be hampered if they fail to spend enough time polishing their lyrics and eradicating weaknesses. "How [Not] To Write Great Lyrics!" will help new writers to produce better lyrics, while avoiding fundamental errors at each key stage of the song development process. It includes important tips on fixing and strengthening lyrics, along with a comprehensive checklist of more than 100 potential hazards that writers can measure their own lyrics against-no matter how 'finished' they think their songs are. # # # #"

This Business of Songwriting **Nov 10 2021** Writing great songs is not enough. To make money, songwriters need a firm, realistic grasp of how songs generate income, and how the songwriting business works. This Business of Songwriting is the first book to demystify the process of doing business as a songwriter. Author Jason Blume is a songwriter, music publisher, and educator whose songs are on albums that have sold more than 50 million copies, topped international charts, and are in top television shows and movies. He starts by defining terms and explaining the mechanics of how songwriters generate income, collect royalties. The functions of music publishers, record labels, performing rights organizations, and the Harry Fox Agency are clarified, as are mechanical, performance, and print licensing; statutory mechanical royalty rates; estimates of the amounts earned for synchronization and master use licenses; and performance royalties for radio, television, and Internet broadcasts. He also includes a section on digital licensing and royalties. Samples of virtually every contract a songwriter might likely encounter are included, and with top music industry attorneys as consultants, Blume translates these contracts from legaleze to plain English--one paragraph at a time. Included contracts are: Single Song Publishing Agreement; Staff-Writing Agreement; Administration Deal; Collaborators' Agreement; Work-for-Hire Agreement; Mechanical License; Synchronization License; Lyric Reprint Licensing Agreement; Subpublishing Contract; and Copyright Form PA. The book walks readers step-by-step through the process of effectively pitching songs to publishers, artists, managers, A&R representatives, and producers. A chapter about writing and marketing music for television and films explains the process of "clearing" music, and the functions of music

supervisors and production music libraries, as well as offering resources for reaching these decision-makers. Additional chapters explain self-publishing, and address the business considerations unique to performing songwriters, well as those who are targeting special markets, such as Christian music, children's music, video games, and musical theater. This comprehensive text also includes sample lyric sheets and cover letters, as well as advice about many songs to include--and how to attract attention--when approaching music industry professionals. Let's Go (So We Can Get Back) Sep 20 2022 So komisch, warmherzig und gleichzeitig tiefgründig wurde selten über Musik geschrieben! Wilco ist eine Rockband aus Chicago, deren Frontmann Jeff Tweedy für seine Musik vergöttert wird. Endlich spricht er offen und unfassbar humorvoll über seinen Werdegang und sein Leben. Doch das eigentliche Thema dieses Buches ist die Musik und ihre Kraft, Leben zu verändern. Es gibt nicht viele Bands, die solche treue Anhänger haben wie Wilco. Und das ist vor allem ihrem Frontmann Jeff Tweedy zu verdanken. Wilcos Songs wurden von Fans und der Kritik endlos analysiert, doch Jeff Tweedy hat stets nur sehr wenig über sich selbst und seine Arbeit preisgegeben. Bis jetzt! In seinem von Fans lang ersehnten Memoir schreibt Tweedy über seine Kindheit in Belleville, Illinois, über seinen liebsten Plattenladen in St. Louis, seine ersten Auftritte in Clubs mit der

legendären Alternative-Country-Band Uncle Tupelo und später mit Wilco, und wie all das seine Musik beeinflusst hat. Tweedy spricht schonungslos über seine Tablettensucht, seine Eltern und seine Familie. Jeff Tweedy scheidet uns wahre Einblicke in sein Leben und seine musikalischen Prozesse, teilt Geheimnisse mit uns und beweist, dass auch seine literarische Stimme überzeugt. Und am Ende bleibt nur zu sagen: was für ein musikverrücktes Genie!
